

# Iron

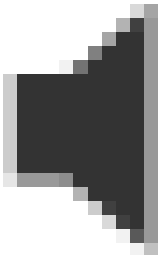

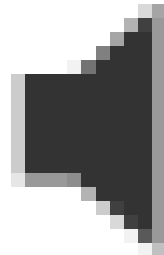

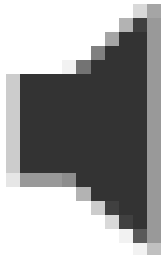

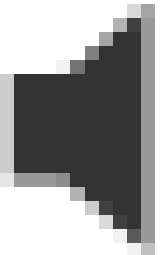

## Iron

F M

Stress Pattern	Number of Syllables	Primary Stress
I ron (More accurately produced like "I earn.")	2	first

Statement	Instructor's Question	Student's Question	Non-Chemistry Usage
Iron is the metal in heme and the major metal in steel.	How much iron does a ferritin molecule normally hold?	I'm interested in knowing whether metallic iron is ever found in biological systems.	Maybe we can iron out our differences if we keep talking.
